# DATA SHEET
EVOKO NASO ROOM MANAGER
ROOM BOOKING SYSTEM

We believe that great design is when simplicity meets functionality at a point of minimalism where everything you need is available. This digital room scheduling system gets rid of double bookings, confusion on where to go and meetings that get interrupted. Naso Room Manager takes care of room scheduling so you can focus on productive meetings.
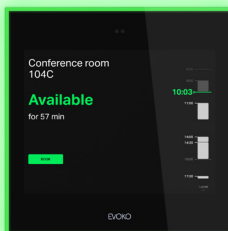

CLOUD HOSTED

Easy installation without need to setup local servers. Updates are installed easily thanks to the cloud.

CONNECTED TO EVOKO WORKPLACE

Adapt the solution to your needs, easy to combine with Evoko Desk Scheduling.
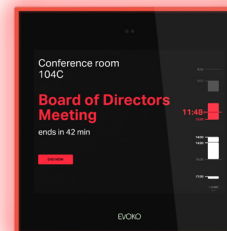

SEE ROOM STATUS AT A GLANCE

A room scheduling system should be more than a list of features. We believe it must be easy to use and that it should look sublime in any office. Evoko Naso Room Manager rocks our trademark intuitive light signals to guide you to the right room and clearly see the room status from a distance.

ARCHITECTS & ENGINEERS SPECIFICATION

The meeting room display shall be designed to work with the Evoko room booking system. The meeting room display shall include a 8-inch capacitive touch display. The product shall include a 3-way indirect light aura to make room status visible from a distance. The meeting room display shall support power over internet (PoE) or 5V AC/DC power adapter. The meeting room display shall include a proximity sensor to unfold detailed information as you approach the display. The meeting room display shall include support for RFID cards. The meeting room display shall be a cloud hosted system. The meeting room display shall include mounting options for both standard walls and glass walls. The meeting room display shall provide 23 different user interface languages. The meeting room display shall be CE marked and compliant with the RoHS directive. Warranty shall be three years. The meeting room display shall be the Evoko Naso Room Manager.
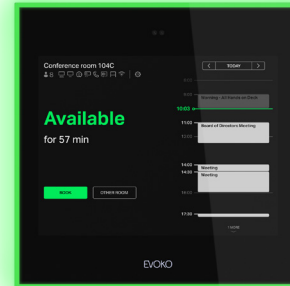

A NEW LEVEL OF INTUITIVE USER INTERFACE

Evoko Naso Room Manager has built in proximity sensor that unfolds a new layer of information as you approach the screen to show you everything you need to know. Use the touch screen to quickly find a room for your spontaneous meetings. You can also report broken or missing meeting equipment directly on the screen.

DISTANT VIEW

Room name, status and current time shown in a larger font.

CLOSE VIEW

Detailed view with access to action buttons.

BRIGHT AND HELPFUL

Evoko Naso Room Manager makes it easier than ever to book a room with your digital calendar, or directly on the screen using your fingertip.

DESIGN AWARDS

Evoko Naso Room Manager has been recognized with several prestigious design awards.
