

## SYSTEM DESIGN GUIDE HUDDLE ROOM

### Devio® SCR-20 and DTM-1 Tabletop Microphone

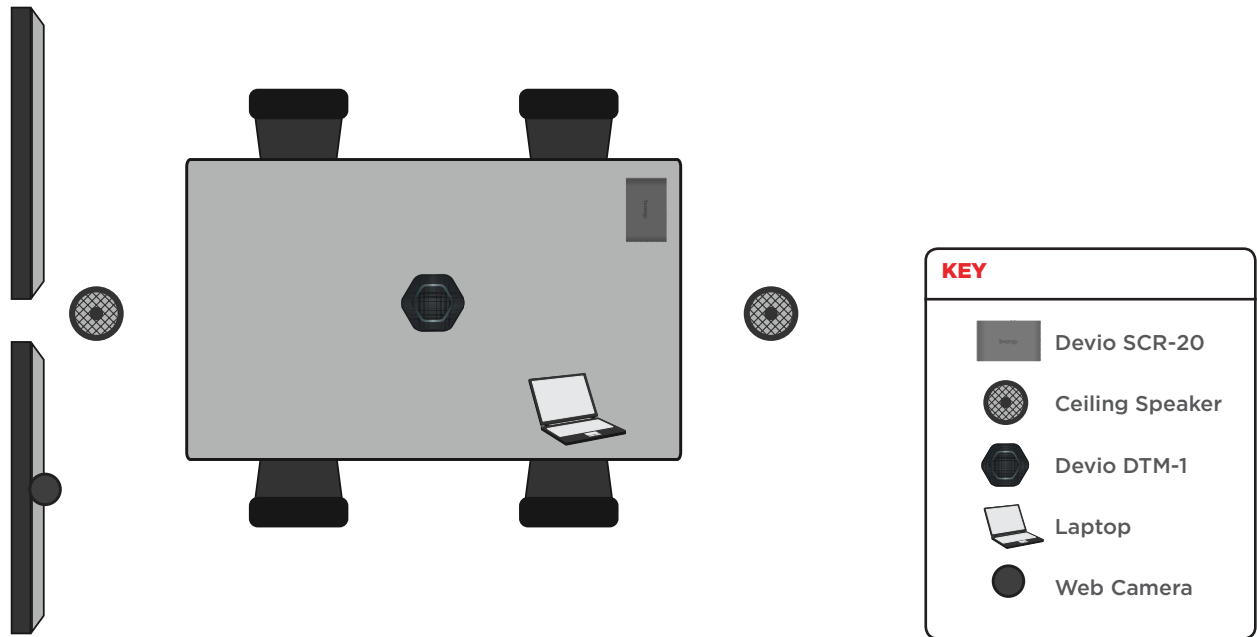

Devio® comes packed with conferencing technology. Its Beamtracking™ microphone—in either the tabletop version shown here or the ceiling microphone version—has three 120-degree zones, providing full 360-degree coverage of the meeting space. With Devio, users can bring their preferred device into the huddle room, plug into Devio with a single USB cable, and place a soft codec call right from their laptop. Integrating quality audio into small spaces is now easier than ever.

#### FEATURES/BENEFITS

- Single USB 3.0 cable connectivity to a laptop for audio and video conferencing
- Beamtracking microphone, available in both ceiling and tabletop versions
- Automatic voice tracking and mixing
- SNMP device management for monitoring over the corporate network
- Acoustic Echo Cancellation technology (AEC) diminishes echo and feedback

# Huddle Room Floor Plan

## EQUIPMENT LIST

Quantity	Product	Function
1	Devio SCR-20	Connects all audio and video equipment for a seamless conferencing and collaboration experience.
1	Devio DTM-1 Microphone	Beamtracking microphone provides 360-degree coverage of the entire huddle room.
